GN-1. Plaintiff (name): Diana Settje		

X Does _1__ to ___10_

alleges that defendant (name): Kaiser Foundation Hospitals

was the legal (proximate) cause of damages to plaintiff. By the following acts or omissions to act, defendant negligently caused the damage to plaintiff

on (date): May 22, 2013

at (place): Kaiser Permanente, 2025 Morse Avenue, Sacramento, CA 95825

(description of reasons for liability) :

On or about May 22, 2013 while visiting a friend at Kaiser located at 2025 Morse Avenue, Sacramento, California, Plaintiff tried to push the button on the elevator when her left foot slipped and she fell backwards causing her to hit the floor. Investigations revealed that the floor was excessively slippery due to the substance used for waxing the floor. She suffered a broken ankle and a pinched spine as a result and had to undergo syrgery and Physical Therapy as a result.

The Slip and Fall accident was caused by the negligence of Defendants and their agents/representatives by either failing to make a reasonable and on-time inspection so as to discover dangerous conditions (the excessively waxed floor) in their place of business operation and/or in failing to post a reasonable warning and/or in failing to timely make safe the dangerous condition. (Cleaning out the excess wax substance on the floor.

The excess wax on the floor presented an abnormally dangerous condition as it involved a substantial risk of dangerous harm to the hospital's invitees no matter how much care was exercised. Defendants breached their duty to make safe and the breach was the actual and proximate cause of Plaintiffs injuries.
